

## CPL Announces an Extended Agreement for ALL United Healthcare (UHC) Covered Members

**Effective immediately, CPL is excited to announce that we have entered into a new long-term agreement with UHC that allows us to continue providing laboratory services to members of all UHC plans: Commercial, Medicare, and Community Plans.**

---

**CPL remains a committed partner with UHC in our efforts to bring the highest quality and most cost-efficient services to all UHC covered members.**

CPL has over 200 Patient Service Centers located throughout the southwestern United States to serve you and your patients.

As a reminder, if you refer testing to a laboratory that does not participate in the UHC network, your members may be subject to a higher healthcare cost as described in their benefit plans for out-of-network services.
