

COVID-19 Uninsured Program Portal

Offering our clients state-of-the-art testing is part of CPL's ongoing commitment to excellence.

The U.S. Department of Health and Human Services (HHS), through the Health Resources and Services Administration (HRSA), launched a new COVID-19 Uninsured Program Portal, allowing health care providers who have conducted COVID-19 testing or provided treatment for uninsured COVID-19 individuals on or after February 4, 2020 to submit claims for reimbursement.

Clinical Pathology Laboratories (CPL) will file claims to any third party payer. Please include patient demographics and insurance information as applicable. If you have determined that the patient is uninsured, CPL will file the appropriate claim when the following information is received:

- Patient name, date of birth, gender and address.
- Patient Social Security Number and/or Driver's License Number (and issuing state).

HRSA will cover ALL COVID testing sent to CPL including:

CPL Test Code	Test Name	CPT Code
7300, 7305, 7581	COVID-19 PCR	U0003 or 87635 or U0002
7301	SARS-CoV-2 IgG	86769
7304	SARS-CoV-2 Abs, Total	86769

If ordering in Atlas on an uninsured patient, place the order as Insurance Bill.

- Select **COVID-19 HRSA Uninsured Testing and Treatment Fund** as the insurance type.
- Enter patients Driver's License Number in as the Policy Number.
- Enter the two-letter state abbreviation as the Group Number.
- If the patient does not have a Driver's License, place their Social Security Number as the Policy Number.
- For patients who confirm that they are uninsured but do not have a Driver's License and do not want to give their Social Security Number, enter 999999 as the Policy Number.

For testing to be eligible for reimbursement by HRSA, claims submitted must include one of the following Diagnosis Codes:

Diagnosis Code	Description
Z03.818	Encounter for observation for suspected exposure to other biological agents ruled out (possible exposure to COVID-19)
Z20.828	Contact with and (suspected) exposure to other viral communicable (confirmed exposure to COVID-19)
Z11.59	Encounter for screening for other viral diseases (asymptomatic)

Please contact your Account Representative should you have any questions.
