A Sonic Healthcare Clinical Laboratory

Dear Valued Client,

Clinical Pathology Laboratories is pleased to announce the addition of Dr. Christine Burgess and Dr. Shannon Kratzer to our Pathology staff. Incorporating Drs. Burgess and Kratzer into our laboratory team ensures continuity in medical services and reinforces CPL and Sonic Healthcare's vision of Medical Leadership. Our Medical Leaders interpret diagnostic clinical and anatomic pathology testing, engage in clinical consultation, supervise laboratory departments, and assure quality, accuracy and timeliness in delivery of medical intelligence.

Dr. Burgess is Fellowship trained in Clinical Microbiology and Hematopathology from Emory University and is board certified in Clinical Pathology with a subspecialty certification in Hematopathology. She is native to Austin, Texas and has serviced this medical community since 2007. Dr. Burgess will continue to lead as our Medical Director for Chemistry, Hematopathology, Microbiology, and Molecular.

Dr. Kratzer completed a Fellowship in Cytopathology from Indiana University and is board certified in Anatomic and Clinical Pathology with a subspecialty certification in Cytopathology. He has served this laboratory since 1998. Dr. Kratzer will continue to lead our Women's Health initiative with a strong focus on Breast Pathology and Gynecologic Cytopathology with expertise in gynecological disorders.

Aside from clinical service and supervision, Drs. Burgess and Kratzer are essential subject matter experts in disease states, diagnostics and clinical requirements as CPL formulates its strategic goals. They fortify our focus on Value-Based Medicine programs, Population Health Management, and Diagnostic Centers of Excellence. Their addition to the team demonstrates our commitment to providing outstanding anatomic and clinical pathology services to our medical communities by building a best-in-class pathology cohort.

CPL looks forward to continuing to enhance our premier clinical and anatomic pathology services for our clients and their patients. Do not hesitate to contact your sales and service teams directly with any further questions.

Sincerely,

Mark Silberman, MD
