

CLINICAL PATHOLOGY LABORATORIES

A Sonic Healthcare Clinical Laboratory

Dear Valued Client,

As part of Sonic Healthcare USA's strategic vision, we are pleased to announce the appointment of Mark Silberman, MD, as the President of Clinical Pathology Laboratories (CPL). Dr. Silberman has served CPL as the Laboratory Director since 2007.

Dr. Silberman's appointment reinforces CPL and Sonic Healthcare's vision of active and involved medical leadership, focusing on best practices with a strong emphasis on standardization, quality metrics, and laboratory effectiveness to align the laboratory with the aim of improved healthcare in our communities. With this focus, CPL is dedicated to processes that continue to establish and support Value-Based Medicine, Population Health Management, and Diagnostic Centers of Excellence, and we are investing in digital technologies and solutions for healthcare insights. This leadership change demonstrates our commitment to providing outstanding anatomic and clinical pathology services to our medical communities.

In addition to Dr. Silberman's appointment, CPL is building a select group of pathologists and scientists who share the vision of our value proposition in addition to the diagnostic excellence that they will bring to our medical communities and patients. We will be communicating new pathologist appointments in the near future.

With Dr. Silberman's appointment as President, Bobby Smithson is transitioning to the role of Chief Operating Officer. Bobby has been with CPL since 2007 and has a distinguished laboratory career spanning over 30 years in diagnostic medicine.

Bobby's enduring commitment to providing quality care to CPL's many patients and providers has been the cornerstone of success for CPL. Bobby's leadership through the pandemic and beyond demonstrates a tireless and comprehensive commitment to excellence in operational, quality, medical, business, and compliance facets of laboratory medicine. His transparent leadership style has provided vision, clarity, and effectiveness to CPL's operations. As Chief Operating Officer, Bobby will play an essential role in leadership continuity and operational direction for CPL.

Through this leadership change, CPL looks forward to continuing to enhance our premier clinical and anatomic pathology services for our clients and their patients. Do not hesitate to contact your sales and service teams directly with any further questions.

Sincerely,

Jerry Hussong, MD, MBA
Chief Executive Officer
Sonic Healthcare USA
